

VENT-FREE GAS LOGS

**MOSSY OAK
CONCRETE LOGS**

**GIANT TIMBERS
CONCRETE LOGS**

Control Options

ProFlame Remote
(Included with
Variable Control Models)

EcoFlow Remote
(Included with Electronic
Control Models)

THE MEGA-FLAME Series boasts a triple burner to achieve the look of a real wood fire! The burner is cantilevered to produce tall flames that will not be dwarfed by its massive 19" high logs, the tallest in the industry. The MEGA-FLAME Series features two burners of bright yellow flames, plus a lower burner that creates a glowing ember bed. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance.

EXCLUSIVE FEATURES

- 🔥 Available in 24", 30", and 36" sizes
- 🔥 Tall dancing yellow flames and ember bed for wood fire realism
- 🔥 Highly detailed logs with the wood grain texture and color of real wood logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Variable control model includes ProFlame remote (Manual & T-Stat modes, On-Off & 5 flame heights)
- 🔥 Electronic control model includes EcoFlow Touchscreen remote (Manual & T-Stat modes, On-Off & 3 flame heights)
- 🔥 Also listed for use in vented fireplace applications (requires damper clamp sold separately)

GRANITE RIDGE
CONCRETE LOGS

EMBERWOOD SPLIT
CONCRETE LOGS

HIGHRIDGE BIRCH
CONCRETE LOGS

SILVERSTONE TIMBER
HIGH DEFINITION LOGS

THE NATURE-FLAME SERIES features a unique pan burner with random flames and a flickering ember bed to achieve the look of a real wood fire. The result is a striking appearance with a distinctly unique flame pattern. Hand crafted logs with high-definition bark and split wood details create the essence of authentic firewood. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance.

EXCLUSIVE FEATURES

- 🔥 Available in 18", 24", and 30" sizes
- 🔥 Tall natural yellow flames and ember bed for wood fire realism
- 🔥 Highly detailed logs with the wood grain texture and color of real wood logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Electronic control model includes EcoFlow Touchscreen remote (Manual & T-Stat modes, On-Off & 3 flame heights)
- 🔥 Also listed for use in vented fireplace applications (requires damper clamp sold separately)

Variable Control Models)

EcoFlow Remote
(Included with Electronic
Control Models)

THE TRIPLE-FLAME Series features a unique triple burner and glowing ember bed at its base to achieve the look of a real wood fire. Flickering embers are achieved through the implementation of two unique technologies and the burner offers the distinctive feature of an additional row of flames behind the logs. The result is a striking appearance with a very deep flame pattern. All models are heater rated with 99% heat efficiency and include a wood-burning grate.

EXCLUSIVE FEATURES

- 🔥 Available in 18", 24", and 30" sizes
- 🔥 Tall dancing yellow flames and ember bed for wood fire realism
- 🔥 Highly detailed logs with the wood grain texture and color of real wood logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Variable control model includes ProFlame remote (Manual & T-Stat modes, On-Off & 5 flame heights)
- 🔥 Electronic control model includes EcoFlow Touchscreen remote (Manual & T-Stat modes, On-Off & 3 flame heights)
- 🔥 Also listed for use in vented fireplace applications (requires damper clamp sold separately)

CRESCENT HILL HD
HIGH DEFINITION LOGS

CRESCENT HILL
CONCRETE LOGS

GOLDEN OAK
CERAMIC FIBER LOGS

THE DOUBLE-FLAME Series' unique, clean-burning design provides 99% heating efficiency, which allows you to operate the logs vent-free with the fireplace damper closed. With no venting required, there is no heat loss up the chimney. Heating vent-free gas logs means you'll never again be left in the cold with wet logs or without heat during a power outage.

EXCLUSIVE FEATURES

- 🔥 Available in 18"and 24"sizes
- 🔥 Two rows of dancing yellow flames
- 🔥 Highly detailed logs with the wood grain texture and color of real wood logs
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Also listed for use in vented fireplace applications (requires damper clamp sold separately)

Electronic Control Model)

Optional

MFEB Volcanic Stone Ember Bed
(Optional)

- Enhanced flame & glow
- For vented applications only

THE MEGA-FLAME OUTDOOR Series boasts a triple burner to achieve the look of a real wood fire! The burner is cantilevered to produce tall flames that will not be dwarfed by its massive 19" high logs, the tallest in the industry. Outdoor models feature two burners of bright yellow flames, a stainless steel chassis and grate, and an optional lava rock flame bed at its base (for vented applications only).

EXCLUSIVE FEATURES

- 🔥 Available in 24", 30", and 36" sizes
- 🔥 Highly detailed logs with the wood grain texture and color of real wood logs
- 🔥 Heavy-duty stainless steel chassis and grate for enhanced durability
- 🔥 Optional volcanic stone flame bed (MFEB) available (For vented applications only)
- 🔥 Millivolt control model is remote ready for optional remote and wall controls
- 🔥 Electronic control model includes RCAF3 remote control (On-Off control, Hi-Low flame heights)
- 🔥 Also listed for use in vented fireplace applications (requires damper clamp sold separately)

IMPORTANT NOTES:

As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, ceiling height, accessories chosen and appliance location.

Diagrams, illustrations and photographs are not to scale — consult installation instructions.

Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
