FIREPLACES®

ALLUME DLX

Allume DLX 84 shown with Black Reflective Glass Liner, Driftwood Log Set, and Platinum Crushed Glass

The Allume DLX linear direct vent gas fireplace is at home in both contemporary and transitional spaces. The expansive ceramic glass opening provides an exceptional view of the fire while the multi-colored floor lighting allows you to customize the mood. The Allume DLX is a fully featured fireplace that comes complete with a heat-circulating blower and multi-function remote for the ultimate in comfort and control.

STANDARD FEATURES

- ♦ Available in 48", 60", 72", and 84" linear configured models
- ♦ Indoor see-through conversion kit available to allow viewing from two living spaces
- ♦ Indoor/Outdoor see-through conversion kit available to enjoy the fire both inside and out (48" model only)
- ♦ HeatFlo™ kit option allows heat to be directed above heat sensitive wall hangings
- ♦ Electronic ignition with battery backup provides continued operation in the event of a power outage
- ♦ Three flame settings with up to a 30% turn down for precise heat control
- ♦ Clean-face design with integrated tile stops for easy finishing
- ♦ Ceramic glass for optimum heat transfer and a protective screen*
- ♦ Factory installed blower with six speed settings to fine tune your heating needs**
- ♦ Black painted interior standard (optional reflective glass liner available)
- ♦ Platinum crushed glass media included with several optional colors available to customize the look
- ♦ Mood enhancing multi-colored LED floor lighting enhances the fireplace interior with or without a fire
- ♦ Multi-function touchscreen remote included (IPI/CPI, thermostat, flame height, blower, lighting)
- ♦ Optional Power-Vent system available for down-and-out installations
- ♦ Limited Lifetime Warranty

**All applicable models comply with ANSI Z21.50/88 barrier requirements. ** Blower use is not compatible with a see-through application.*

Allume 60" shown with installed HeatFlo™ Kit

HeatFlo™ Kit

Protect heat sensitive televisions, artwork and other decorative wall materials. No blower required, the HeatFlo™ kit works through natural convection to redirect heat from the fireplace upward through hidden ductwork and out through a sleek horizontal vent. Walls stay cooler and heat flows more evenly through the room for a comfortable fireplace experience.

- TV & Artwork can be placed above the fireplace
- Helps protect heat sensitive wall facing materials
- Improves convective heat circulation in the room
- No electricity or blower required for operation

APPLIANCE SPECIFICATIONS

48" MODEL

60", 72", & 84" MODELS

ALLUME DLX / ALLUME DIMENSIONS

Models	A	B	C	D	E
48"	54-1/4"	27-1/8"	46"	50-3/8"	57-7/16"
60"	74"	37"	56-5/8"	61-1/2"	76-5/8"
72"	86"	43"	68-5/8"	73-1/2"	88-5/8"
84"	98"	49"	80-5/8"	85-1/2"	100-5/8"

Refer to Installation Manual for all required clearances to combustibles.

IMPORTANT NOTES:

As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, ceiling height, accessories chosen and appliance location.

Diagrams, illustrations and photographs are not to scale — consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
