

INSTALLATION INSTRUCTIONS FOR PLACEMENT OF CHESTNUT HILL 18" AND 24" & CHESTNUT HILL HD 18" AND 24" LOG SETS.

GENERAL INFORMATION

THE FIREPLACE MUST BE OFF AND COLD BEFORE BEGINNING.

READ ALL OF THE STEPS BEFORE STARTING THE INSTALLATION.

PACKAGING LIST	TOOLS/SUPPLIES
1 ea. Complete Log Set	NEEDED
1 ea. Installation Instructions	Safety Glasses
	Protective Work Gloves
	Heat Resistant Gloves

Installation and service must be performed by a qualified installer, service agency or the gas supplier.

Any safety screen, guard, or barrier removed for servicing an appliance must be replaced prior to operating the heater. The fireplace screen or guard designed for this unvented appliance must be installed prior to operation.

IMPORTANT: Read the owner's manual carefully and completely before trying to assemble, operate or service this fireplace. Improper use of this fireplace can cause serious injury or death from burns, fire, explosion, electrical shock and carbon monoxide poisoning.

THESE LOG PLACEMENT INSTRUCTIONS ARE A SUPPLEMENT TO THE LOG BURNER INSTRUCTIONS. LOG BURNER INSTRUCTIONS MUST BE READ AND FOLLOWED TO THEIR ENTIRETY TO ASSURE SAFE AND PROPER INSTALLATION AND OPERATION. THE LOG BURNER INSTRUCTIONS ARE INCLUDED SEPARATELY INSIDE THE CARTONED LOG BURNER ASSEMBLY. ADDITIONAL COPIES OF BOTH THESE INSTRUCTIONS AND THE LOG BURNER INSTRUCTIONS ARE AVAILABLE AT www.astria.us.com.

INSTALLER:

Leave instructions with the appliance.

CONSUMER:

Retain instructions for future reference.

This log set shall only be used with burners listed below:

CF2436NR	CF2436PR
CF2436NR-M	CF2436PR-M
CF24369NT	CF24369PT
WHISPERING24FMN	WHISPERING24FMP
WHISPERING24FTN	WHISPERING24FTP
EOS18MN	EOS18MP

INSTALLATION OF LOGS ON ANY OTHER BURNER IS STRICKLY PROHIBITED.

If your gas log burner is not listed above, please refer to your owners manual or contact IHP Tech Support/Customer Service for further assistance.

This is a complete Log Set and shall not be used otherwise. This log set shall not be used for replacement of single logs.

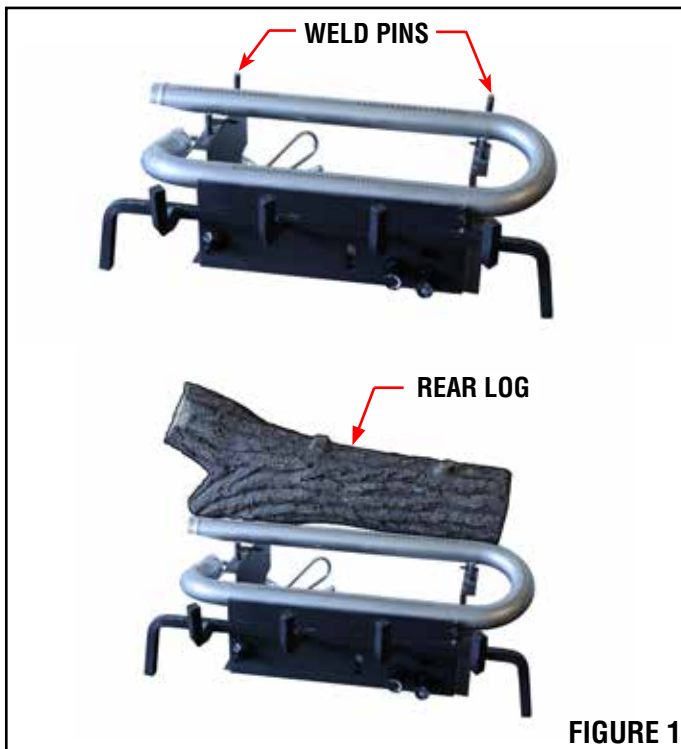

It is very important to install these logs exactly as instructed. DO NOT MODIFY LOGS.

Failure to position the parts in accordance with these instructions or failure to use only parts specifically approved with this appliance may result in property damage or personal injury.

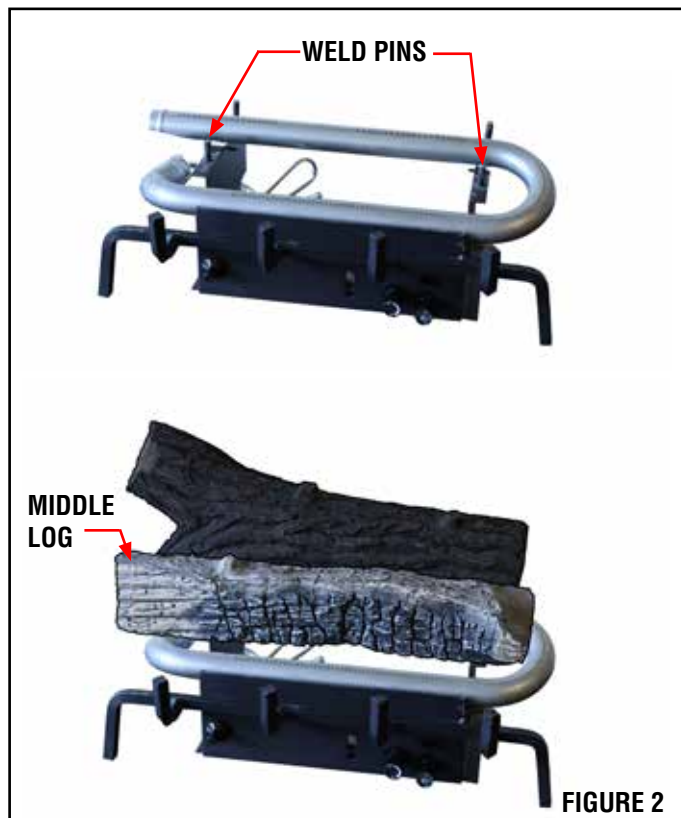

CAUTION: Burn hazard! Logs will remain hot after use. If you need to reposition any log to maintain the proper layout, use heat resistant gloves or allow logs adequate time to cool before handling.

1. Remove the entire Log Set provided and check for damage. If damaged, STOP!!! Contact dealer or IHP.
2. If you currently have a log set installed: Remove the entire Log Set that is currently installed on your Gas Log Burner and discard entire set.
3. Follow the steps found beginning on the next page for installation of your new complete Log Set.

1. Install rear log on chassis using the two weld pins and corresponding holes in log (see Figure 1).

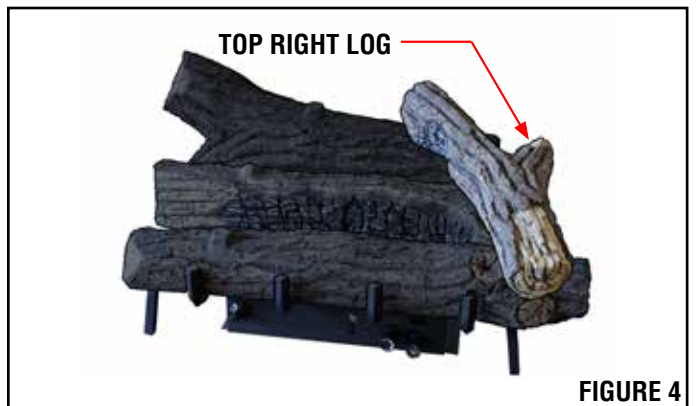

2. Install middle log on chassis using the two weld pins and corresponding holes in log (see Figure 2).

3. Install front log between burner and grate fingers. Align the left side grate finger on log slot (see Figure 3).

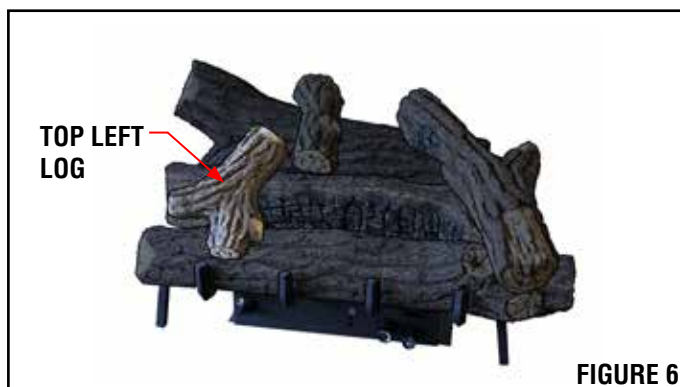

4. Install top right log using protrusions and corresponding landings in the middle and front log and by resting on the top middle log (see Figure 4).

5. Install top middle log using protrusions and corresponding landings found in the middle and front log and by resting on top middle log (see Figure 5).

6. Install top left log using protusions and corresponding landings found in the rear and front log (see Figure 6).

After setting the logs into position as described above, ensure each is properly and firmly seated. The vent-free gas log set will not function as intended if the logs are not correctly positioned. When placed properly, the flames will not strike any portion of the logs. Periodically check the positioning of all logs to ensure proper log placement and stability. If any flame is striking the logs, recheck log placement. Adjust to conform with instructions. There should be no flame impingement on the logs.

INSTALLATION IS NOW COMPLETE

Innovative Hearth Products (IHP) reserves the right to make changes at any time, without notice, in design, materials, specifications, and prices, and also to discontinue colors, styles, and products. Consult your local distributor for fireplace code information.
