PEAKSIDE TIMBER
High Definition Logs

THE NATURE-FLAME series features a unique pan burner with random flames and a flickering ember bed to achieve the look of a real wood fire. The result is a striking appearance with a distinctly unique flame pattern. Hand crafted logs with high-definition bark and split wood details create the essence of authentic firewood. All models are heater rated with 99% heat efficiency and include a wood-burning grate appearance.

STANDARD FEATURES

- Available in 18", 24", and 30" sizes
- Tall natural yellow flames and ember bed for wood fire realism
- Highly detailed logs with the wood grain texture and color of real wood logs
- Millivolt control model is remote ready for optional remote and wall controls
- Electronic control model includes EcoFlow Touchscreen remote (Manual & T-Stat modes, On-Off & 3 flame heights)
- Also listed for use in vented fireplace applications (requires damper clamp sold separately)

30" Peakside Timber Log Set and Nature Flame Series burner shown in a Marquee 42 Vent-Free Gas Firebox

IMPORTANT NOTES:
As with any fireplace, this appliance is extremely hot during operation. Read and understand all operating instructions before using this appliance. For further information, consult your dealer.

Local conditions, such as elevation and choice of fuel will affect overall appearance of the fire and heating performance. Performance can also vary with home design and insulation, ceiling height, accessories chosen and appliance location.

Diagrams, illustrations and photographs are not to scale – consult installation instructions. Product designs, materials, dimensions, specifications, colors and prices are subject to change or discontinuance without notice.
